“For the past two years, I have learned so much at the Executive Leadership Forum meetings with Mary Ann. I always come out of the meetings with a thought, idea or takeaway that I can use immediately. With the guidance of Mary Ann and the help of other Mastermind members, I have truly found my voice. Looking forward to the coming year!”

– Judith McGovern, President, Real Street Staffing

“I've been a part of Mastermind for 4 years and have found it to be an invaluable resource. It's like a board of directors for your life.”

– Sarah Winkler, President, Educe, Inc.
